

RESUME OF HILDA PEGG

My name is Hilda Pegg, born in England further back than I care to remember, now a citizen of Australia for forty-two years and, living happily in Mt. Eliza Victoria. Living on the Mornington Peninsula is a great inspiration.

These people and societies listed below were the catalyst for changing my life. Renewing my interest in painting after a very long break, I am now a member of

Peninsula Arts Society
Wednesday night painters PAS
Pastel Society of Victoria
Guild Gallery at Tyabb, Victoria
Studio 12

I have studied with Jacqueline Long, Rosemary Toddman-Parant and Agata Lelek and presently with Lyn Mellady.

Participated in workshops with Lyn Mellady, and Agata Lelek and paint outs at PAS, PSV and attended many demonstrations by various artists.

Pastels are my first choice of medium for painting although I do paint in oils as well.

Inspiration comes from many things and places, an apple or flower/s, a beautiful landscape/seascape from where I live or, anywhere else for that matter, how lucky am I? Animals are also of great interest to me as subjects be it domestic pets or wildlife.
